DUNAJSKÁ STREDA • DUNASZERDAHELY

Thermalpark Dunajská Streda is one of the most popular and most visited spa resorts in southern Slovakia. It offers quality services and perfect relaxation for all ages in a beautiful environment in the heart of Rye Island.

Spread over 18 hectares, the resort features six outdoor and four indoor pools ideal for swimming and relaxation with thermal water with temperatures from 26°C to 39°C, which has beneficial effects on the musculoskeletal system. While the little ones can have a great time in the kids' pool with a fun slide, the bigger ones can enjoy the water tower with seven water slides as well as the WIBIT Water Adventure Park on the lake. Sports courts are available for those who love to exercise. You can try beach volleyball, mini golf, table tennis, teqball and outdoor chess.

The massage centre with six massage rooms and the sauna world, including three saunas (Finnish, bio, infrared), steam room and salt booth, Jacuzzi, leisure shower and cool dip pool, sea steam bath, oxygen and BEMER magnetic therapy, contribute to an unrivalled relaxation experience.

We look forward to your visit!
