Thermal Hotel Campino**** is located in a quiet and green part of the Thermalpark resort, just about 200 metres from the pool area. Thanks to its location within the campsite, near a natural lake, it offers an ideal setting for peaceful relaxation – with quick access to all attractions.

Guests of the hotel can fully enjoy everything that Thermalpark has to offer – indoor and outdoor pools, water slides, sports facilities, children's playgrounds, a sauna world, relaxing treatments and excellent gastronomy – all within reach, yet away from the bustle of the main zones.

The pleasant, modernly furnished two- to four-bed rooms with swimming pool area view are ideal as a perfect family vacation, and as a romantic wellness stay as well. Besides their modern appearance our rooms were designed to ensure maximum comfort.

To our little guests a cozy children's corner is available where they can safely play and have fun. A modern outdoor playground right in front of the building is accessible to children of all ages.

The restaurant where guests can enjoy local cuisine is an ideal place for a little get together with family and/or friends. The patio of the restaurant offers a beautiful view of the lake, the newly built playground and the Thermalpark campsite allowing guests to enjoy the unique relaxed atmosphere that is typical of the caravan community.

Thermal Hotel Campino**** combines comfort with a pleasant environment which will allow our guests to recharge their batteries and relax from the daily hustle and bustle.

Looking forward to your visit!
